

Horizontal Rail and Trolley Systems

Tuff-Glide Horizontal Rail and Trolley System is a fixed rail system designed for overhead installation to new or existing structure to provide overhead anchor points for personal fall protection.

**Additional reinforcements are required for spans mounted 16' to a maximum of 32'.
For custom projects, please contact our team.**

Part #	Description	Weight	Price
70050	Tuff-Glide, 1' Rail (2 pieces of track & 1 piece of tube)	2.8 lbs (1.3kgs)	
70051	Trolley, 3.25" eye (304 SS)	3.6 lbs (1.6kgs)	
70055	Trolley, 3.25" eye (Mild Steel CS-500)	3.6 lbs (1.6kgs)	
70060	Bracket, Tuff-Glide Swivel Hanger 2"-2.5" (5cm-8.3cm)	4.8 lbs (2.2kgs)	
70080	Bracket, Tuff-Glide Swivel 3"-3.75" (7.6cm-9.5cm)	5 lbs (2.3kgs)	
70062	Bracket, Tuff-Glide Hanger 2" (5cm)	2.7 lbs (1.3kgs)	
70067	Trolley, 5/8" eye (Mild Steel CS-500)	2.8 lbs (1.3kgs)	
70079	Trolley, 5/8" eye (CS-500) with 30" Bumper	5.3 lbs (2.4kgs)	
71255	Trolley, 5/8" eye (CS-500) with 72" Bumper	11 lbs (5kgs)	
71445	Rail Reinforcement Tube (required when hanging point are greater than 16')	1.4 lbs (0.6kgs)
